Studio Q is located in North East Minneapolis: 1310 Quincy Street NE Studio #1, Minneapolis 55413.

Our studio is in an old warehouse on a cobblestone road (drive slowly, there are a lot of potholes!) between Able Brewery and Indeed Brewery.

You'll know you're at the studio when you see a large orange garage door on the front of the building (located just to the left of Los Campeones Gym). **There are only 3 parking spaces reserved for our studio in front of the building. They are marked 'Studio Q'. The other spaces are for the other building tenants.** We don't want you to be ticketed or towed so please only park in the designated spaces marked on the map.

There is ample free street parking closer to Indeed Brewery, Able Brewery, and on Monroe St. Or, there are two large paid surface parking lots available that are both less than a block from the studio.

Please enter the studio through the glass front door marked 'Studio Q' just to the left of the orange garage door.

If you have any trouble finding us, feel free to text or call.
